## 2. Portfolio

Navigating to the bottom of the webpage, users will be able to click on portfolio in “view your portfolio” under profile in order to view their personal portfolio (Figure 2.1). Upon clicking, users will be brought to a page which displays the user’s balance in addition to charts related to their portfolio value. (Figure 2.2)

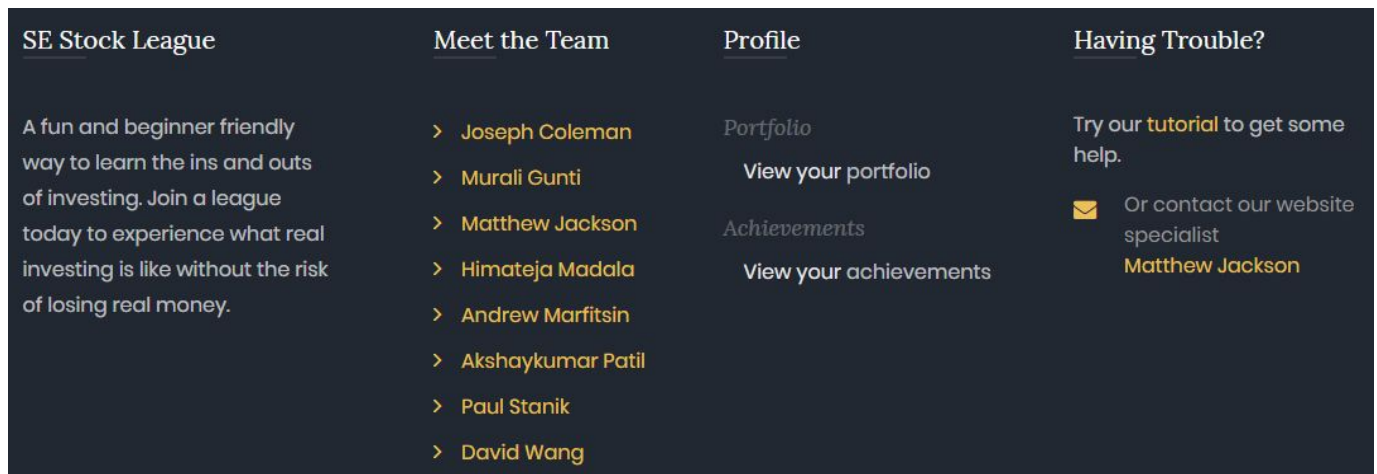

Figure 2.1

Figure 2.2

### 3. Achievements

Below where “view your portfolio” is located in Figure 2.1, users can click on achievements in “view your achievements” to be brought to a new page related to achievements. The achievements page displays what achievements the user has completed (Figure 3.1) and the achievements that are currently being worked towards (Figure 3.2).

Figure 3.2

## 4. Leagues

At the top of the webpage, users can click on leagues to be brought to a page that displays all available leagues (Figure 4.1). Leagues are laid out in the form of “cards.” The front of the card displays the name of the league and the league logo. The back of the card displays information written by the league manager about the league (Figure 4.2). Leagues have not been fully implemented yet but will be worked on in the near future.

## 5. Tutorial

At the bottom of the webpage under “Having Trouble?” users can click on tutorial in “Try our tutorial to get some help.” in order to be brought to the tutorial page (Figure 2.1). Just like leagues, the tutorials are also displayed in the form of cards. Hovering over the card will result in the description of the tutorial being displayed (Figure 5.1). Tutorials have not been implemented yet but will be worked on after leagues are complete.
